WORK

Web Designer FREELANCE Remote // JAN 2021

Designed and coded a responsive portfolio website for an architecture undergraduate. Spearheaded the visual design and aesthetics of the website to match the personality and works of the client.

Rhode Island School of Design TEACHING ASSISTANT Providence, RI // SEP 2020 - PRESENT

Worked for the Experimental and Foundation Studies Department at RISD by assisting multiple Freshman drawing teachers, leading weekly class critiques, providing formative feedback to the professor, monitoring student progress and assisting students in accomplishing learning objectives.

Facebook Messenger Case Study PRODUCT DESIGNER haeminhwang.me/messenger.html // DEC 2020 - JAN 2021

Developed a potential solution for streamlining navigation and usability in Facebook Messenger by using the design process. Worked to continuously iterate the visual design and improve it during a two week exploration.

SIDE PROJECTS

Web Design & Case Study WEB DESIGNER haeminhwang.me/website.html // OCT 2020 - PRESENT

Designed and coded a personal portfolio website from scratch. Utilized HTML/CSS/JS to create a fully responsive website that is constantly being improved through visual design and usability. Followed the design process to refine and iterate identified pain points in usability as well as visual design.
